Natürlich stehen wir Ihnen dort auch gerne bei Fragen oder Anregungen zur Verfügung!

the 1990s, the number of people in the world who are illiterate has increased from 1.2 billion to 1.5 billion.

There are many reasons for this. One is that the population of the world is growing so fast that the number of people who are illiterate is increasing. Another reason is that the number of people who are illiterate is increasing because of the lack of access to education. In many parts of the world, especially in rural areas, there are no schools or very few schools. This means that many children do not go to school and become illiterate.

There are also many people who are illiterate because they do not have the opportunity to learn to read and write. In many parts of the world, especially in rural areas, there are no schools or very few schools. This means that many children do not go to school and become illiterate.
